in the Historic Downtown Crestview Area!

Main Street Crestview Association, Inc., an IRS designated 501c3 non-profit organization, was created in 1997 in an effort to preserve, restore, promote, and improve Crestview's downtown area and its historic character.

The Main Street Crestview Association encourages economic redevelopment with program and project objectives based on the following National Trust Main Street Center's Four-Point Approach to downtown revitalization:

ORGANIZATION: Working to develop consensus and coordinate resources to revitalize downtown. The program is volunteer oriented and our organizational structure includes a board of directors and committees.

DESIGN: Encouraging quality building rehabilitation, quality signage, public improvements, streetscaping, landscaping and seasonal decorations to improve the appearance of downtown.

ECONOMIC RESTRUCTURING: Improving the downtown area's economic base by strengthening existing businesses, recruiting new businesses, and filling building vacancies.

PROMOTION: Creating and marketing a positive image of downtown through special events, retail sales, effective advertising, and public relations.

You are invited to become a member (or renew membership) in the Main Street Crestview Association. As a member, you help assure that downtown Crestview remains the heart of our community.
